PROFESSIONAL SUMMARY

Motivated and detail-oriented Junior Developer with hands-on experience in Angular, JavaScript, HTML, and CSS. Skilled in designing and developing user interfaces, integrating APIs, and writing scalable, maintainable code. Passionate about financial services and creating digital solutions that enhance user experience. Adept at collaborating with cross-functional teams to deliver performant and secure applications. Fluent in English and Spanish.

SKILLS

- **Programming Languages**: JavaScript, TypeScript, Python, HTML, CSS
- **Frameworks**: Angular, React.js, Node.js
- **Frontend Development**: Responsive design, cross-browser compatibility
- **Backend Integration**: RESTful APIs, MVC architecture
- **Tools**: Git, Unix/Linux systems
- **Soft Skills**: Problem-solving, collaboration, communication, customer-centric mindset

---

RELEVANT WORK EXPERIENCE

Client Services Specialist

Questrade | *January 2023 - Current*

- Provided technical support for trading platforms, ensuring smooth user interactions and issue resolution.
- Assisted clients with financial investment products, including GICs, stocks, mutual funds, ETFs, and more, providing guidance to enhance user understanding and decision-making.
- Collaborated with teams to optimize backend processes, improving application performance.
- Documented solutions to recurring issues, streamlining support workflows.

Human Resources Support

Canada's Wonderland | *January 2019 - April 2019*

- Assisted with managing internal systems and data workflows, ensuring process compliance and efficiency.

COMPLETED PROJECTS

Room of Chat

- Developed a real-time chat application using Angular, Node.js, and Socket.io.
- Built and optimized frontend components, ensuring seamless interaction with backend APIs.
- Demonstrated knowledge of Angular best practices and MVC design.

  https://github.com/Xavi-Alejandro/RoomOfChat

Xavi's Music Lounge

- Created an Angular and Node.js-based application integrating Spotify's public API and MongoDB.
- Designed user-friendly interfaces with responsive layouts and optimized database schemas.

  https://github.com/Xavi-Alejandro/XavisMusicLounge

Portfolio

- Built a ReactJS application for showcasing projects, utilizing dynamic content generation and client-side routing.
- Highlighted expertise in frontend development and API integration.
